

HE MAHI KAIWHAKAWEHI MANU

**Kia tūpato manu whakahīhi, kei te hanga tātou
i tētahi kaiwhakawehi manu!**

Me whakareri ēnei:

He rākau rīpeka

He hāte tawhito

He tiringi me te hei

He paukena me te pene

Whakanohonohoia te rākau rīpeka ki te kāri.

Ināianeī, ka panga atu he hāte. Māmā noa iho te mahi!

Mā te tiringi, tuituia ki te puku o te hāte.

Iaianeī me whakapurupuru te hei. Me mahi tētahi

kaiwhakawehi manu tino mōmona! Kia kaha e hoa mā!

Tāngia te kanohi whakawehi ki te mata o te paukena,

ā, tāpirihia ki te pito o te rīpeka hei kanohi whakawehi!

Ka rawe, kua hanga kaiwhakawehi manu tātou!

MAKING A SCARECROW

Be warned cheeky birds, we are making a scarecrow!

You will need:

A wooden cross

An old shirt

Some string and hay

A pumpkin and a pen

Fix the wooden cross securely into the garden.

Now, put the shirt on to it. Easy as that!

Using the string, tie up the tummy area of the shirt.

Now put the hay inside it. Let's make a super fat scarecrow. You can do it guys!

Draw a face on to the surface of the pumpkin.

Add it on to the top of the cross as a scary face!

Awesome, we made a scarecrow!
