Come with me.

You will need:

A large bowl

Pizza dough

Pizza pan

Mozarella cheese

Tomato Sauce

Flour

Welcome to my American pizza kitchen, this is where the magic of stretching happens! First, we dip our pizza dough in this flour.

This side and then this side.

Now, let's stretch it to fit this pizza pan.

Let's use our fingers to stretch the dough, Stretch and turn, stretch and turn.

How big is it now?

Ah what fabulous stretching we did. Let's see if it fits the pan.

FAILURE! It's way too small, it's tiny!

Yes, yes, let's try again. Kia kaha.

Let's use our fingers to stretch the dough, Stretch and turn, stretch and turn.

How big is it now?

Well it certainly looks bigger. But is it big enough?

It's still too small. Why do I bother? I work so hard and still it doesn't fit.

Wait, I forgot my secret move. The hand flip! It looks like this.

Is it big enough now? Let's see.

One Italian pizza base, done!

Now we just add our toppings and cook it!
